Professional Summary

I'm an 18-year-old student with a deep interest in software development and engineering. Passionate about learning and creating, I'm excited to dive into the world of technology and contribute to meaningful projects.

fornt-end Skills

- HTML,
- CSS3, TAILWIND, BOOTSTRAP, SCSS
- JAVASCRIPT, REACT, AUTH0
- FIREBASE, NODE.JS, MONGO-DB
- GITHUB, GIT, VERCEL, LINUX

Projects

LikeMe App
- Developed a dynamic web application using HTML, CSS, JavaScript, and Firebase.
- Implemented user authentication and real-time database functionality with Firebase.
- Users could enter their name and Instagram ID, like the page, and have their name displayed for others to see.
- Utilized HTML and CSS for layout and design, with JavaScript for interactivity.
- Employed Firebase for data storage and retrieval, enabling seamless user interaction and real-time updates.

Chatme app
- Designed and developed a portfolio web application showcasing projects and skills, utilizing React.js, HTML, CSS, JavaScript, Tailwind, Firebase, and Auth0.
- Integrated a chat feature allowing users to log in and chat publicly within the application.
- Implemented user authentication using Auth0 for secure login functionality.
- Utilized Firebase Firestore for real-time chat functionality and efficient data management.
- Leveraged React.js for building interactive components, ensuring a seamless user experience.
